

TCM Forklift Parts

TCM Forklift Parts - In the global business of material handling, forklifts play a major part for transporting industrial goods. Primarily innovated as industrial vehicles during the 1930s in the United States, lift trucks gained recognition after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread internationally.

In nineteen forty nine, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the company is simply known as TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the business. TCM began building forklift manufacturing locations outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes many models of industrial forklifts with more than 50 years of accumulated technology and expertise, making their products recognized and used all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading business.
